

Subject: Mathematics

Year Group: 7

Term One

Number - Place value, Addition and Subtraction

Geometry - Shapes and Construction

Number – Rounding and Limits

Geometry – Perimeter, Area and Volume

Number - Multiplying and Dividing

Algebra - Algebraic Manipulation

Geometry - Measures

Geometry - Angles

Term Two

Number – Factors, Powers and Roots

Number – Fractions, Decimals and Percentages

Algebra – Solving Linear Equations

Algebra - Formulae

Number – Fractions

Number – Percentages

Term Three

Algebra – Sequences

Algebra – Linear Functions

Geometry – Transformations

Ratio and Proportion

Statistics – Probability

Handling Data

Subject: Mathematics

Year Group: 8

Term One

Number – Multiplying and Dividing

Geometry – Perimeter, Area and Volume

Geometry – Shapes and Construction

Number – Rounding and Limits

Algebra – Algebraic Manipulation

Geometry - Measures

Geometry – Angles

Number – Factors, Powers and Roots

Number – Fractions, Decimals and Percentages

Term Two

Number – Fractions, Decimals and Percentages

Number – Fractions

Number - Percentages

Algebra - Formulae

Handling Data

Algebra – Solving Linear Equations

Algebra - Sequences

Term Three

Ratio and Proportion

Algebra – Linear Functions

Statistics - Probability

Finance Project

Geometry - Transformations

Subject: Mathematics

Year Group: 9

Term One

Number - Multiplication and Division

Geometry – Measures

Algebra - Algebraic manipulation

Geometry – Angles

Number – Fractions, Decimals and Percentages

Geometry - Shapes and Construction

Number - Rounding and Limits

Number - Factors, Powers and Roots

Algebra - Solving Linear Equations

Number – Percentages

Term Two

Algebra – Sequences

Handling Data

Algebra - Formulae

Algebra - Linear Functions

Algebra – Non-Linear Functions

Geometry – Pythagoras

Term Three

Geometry - Perimeter, Area and Volume

Statistics – Probability

Algebra – Simultaneous Equations

Geometry - Transformations

Ratio and Proportion
