

**Subject: Art and Design**

**Year Group: 7**

### **Term One**

**In the first term pupils will develop their observational drawing and presentation skills. Pupils will start by designing a Nameplate for their sketchbooks based on the theme of Animals. Pupils will then move onto developing their skills in drawing shape, proportion, detail and creating tone through an observational elephant drawing in pencil.**

**Pupils will be introduced to Colour Theory through a collage piece based on the Colour Wheel. In the second half of Term One pupils will begin to develop their research skills and cultural knowledge by creating an Aboriginal Fact File using pencil crayon.**

### **Term Two**

**In the second term pupils will continue to build upon their knowledge of Aboriginal Art and Culture by creating paintings based on the dotting technique.**

**Pupils will then begin to experiment with media through a project based on the theme of Insects.**

### **Term Three**

**In the final term pupils will explore 3D work and develop Photography skills through the Insect project. Pupils will conclude this project with an evaluation, introducing pupils to writing about their work.**
