

Subject: Art and Design

Year Group: 8

Term One

In the first term pupils will develop their contextual understanding through a project on Pop Art. Pupils will focus on developing their presentation and design skills by creating a Pop Art Nameplate for their sketchbooks and a Pop Art Title page.

Pupils will then move onto developing their observational drawing skills focusing on shape, proportion and tone through a drawing of a soft drink can in pencil.

Term Two

In the second term pupils will explore 3D work and further develop their design skills by creating artwork for a 3D can based on the Pop Art theme. This project will focus on developing pupils' graphic use of pencil crayon and pens.

Term Three

We will then explore an imaginative approach to illustration through a project based on 'MONSTERS'. Pupils will have an opportunity to work in a variety of mediums and demonstrate an appreciation of watercolour paints.

Specialist art teachers will offer a range of skill based outcomes to students that may include sculpture, photography, Acrylic paint, mixed media and digital manipulations.
